konfetti

Bringing old neighbors and
and new neighbors together.

Christian
Rotzoll

& Team

#refugeehackathon

24.-25. Oktober, Berlin

Idea & Team

refugeehackathon 2015

Integration of newcomers into the existing neighborhood thru positive participation.

Konfetti = Karmapoints

App to Organize Neighborhood Volunteering.

Throw Konfetti at each other.

The Plan

1. Setup a Konfetti Neighborhood
2. Create a Community-ToDo list
3. Create a Konfetti Karma Circle

Setup

Cooperation with local Non-Profit

Konfetti Coupons into mailboxes

Install App & Redeem Coupon

Konfetti App

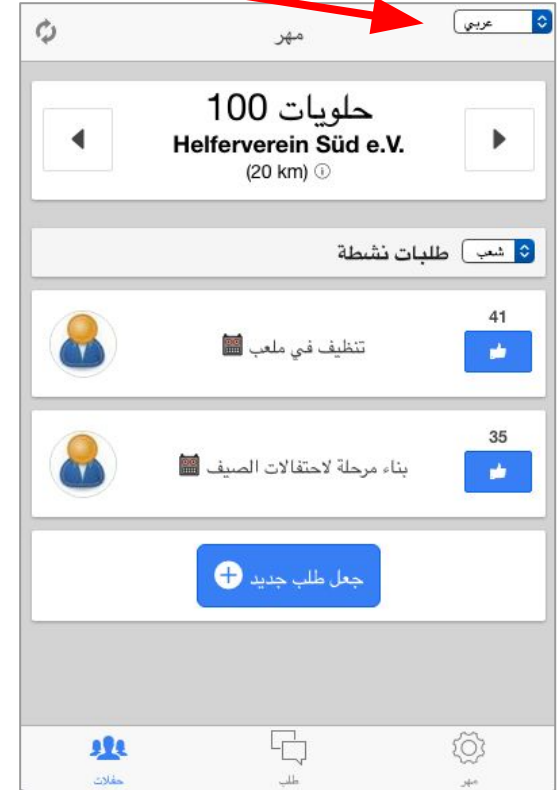

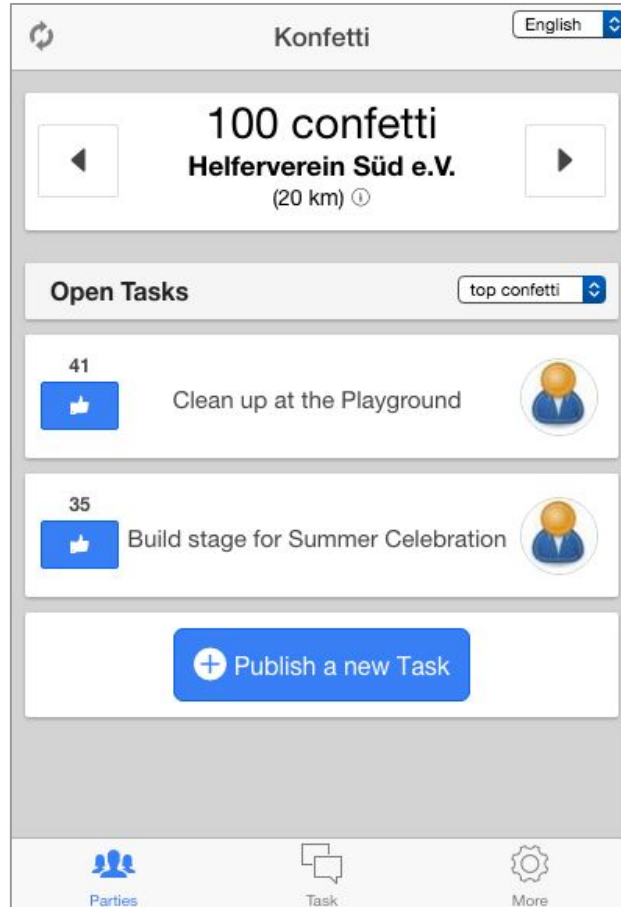

- Android, iOS, Browser
- OpenSource
- Multi-Language

Mobile App:

- Ionic / Cordova
- Angular 1 / JS

Backend:

- Spring Boot / Java
- Docker / Jenkins

Community-ToDo List

spend Konfetti

Creating Tasks

Upvote existing Ideas

1st result: ToDo-List for neighborhood $\frac{1}{2}$ 

Examples

Somebody should ...

“Beauty up the community garden.”

“Organize a repair cafe for all the bikes in the community.”

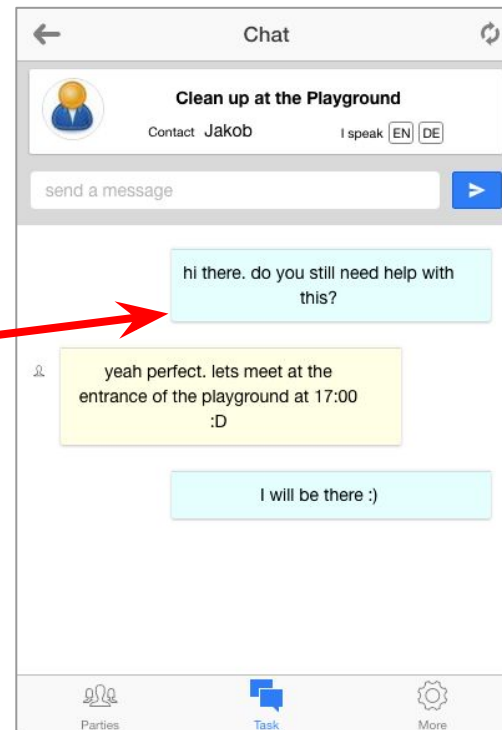

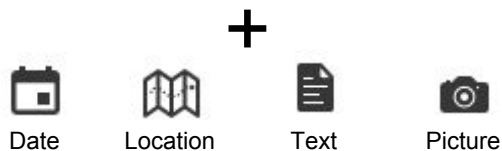

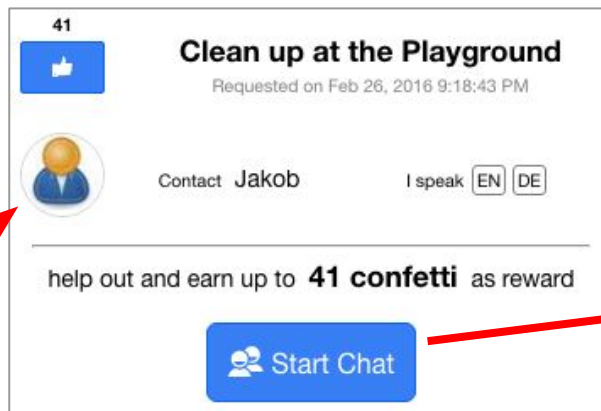

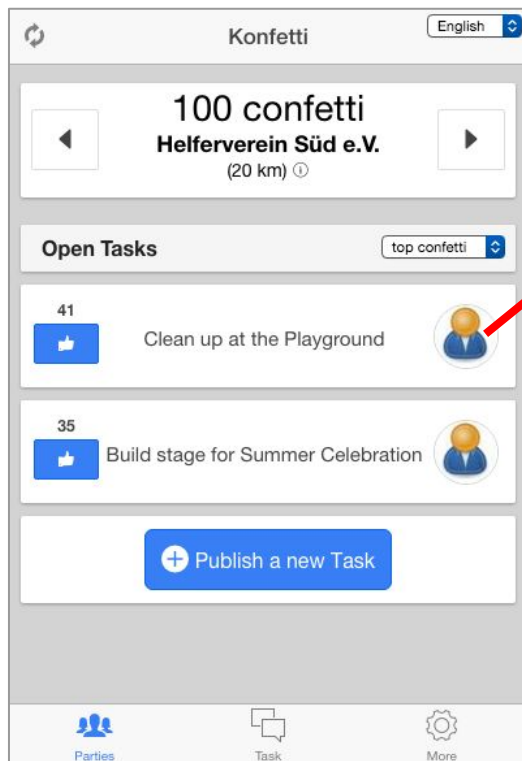

“A football challenge for all the Kids.”

“Coffee and Cake Meetup for Seniors”

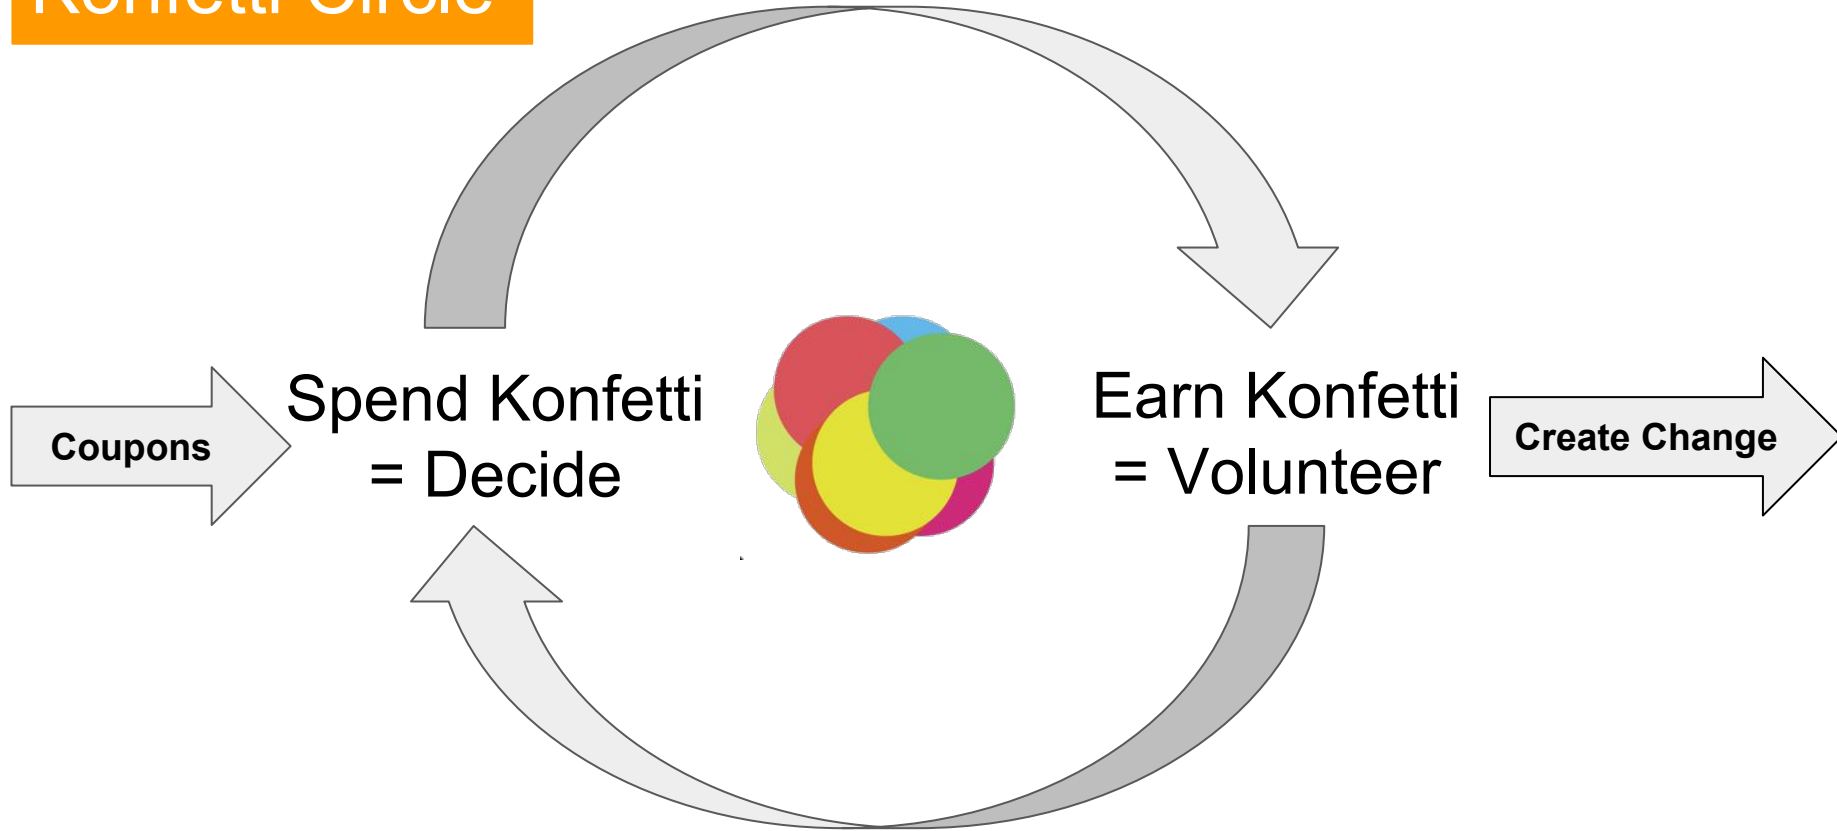

First On-Location Example Januar 2017
Holz OMA at Holzmarkt Berlin

Participating on a Task

Konfetti Circle

Next Steps & Needs

Setup Konfetti Verein & Testrun

Lets network - Orga, Tech & NGOs

Server Hosting (we have a small budget)
